A gentle way to memorise Scripture

Choose one card at a time. A small, steady practice can help a passage become familiar and meaningful.

Say it aloud

Read the passage aloud slowly. Listen to its rhythm and meaning, then try saying it again while looking less often.

Write it by hand

Copy the verse from your preferred Bible onto the card. Writing by hand gives you time to notice each phrase and punctuation mark.

Review daily

Keep the card somewhere you will see it. Revisit it each day, and return to earlier cards as you learn new ones.

Learn one phrase at a time

Break a longer passage into short phrases. Learn one phrase, add the next, then practise joining them together until you can recall the whole passage.

Take your time. Read the surrounding verses too, so each passage stays rooted in its context.
